OUR EXPERIENCE

Since 1994, when we began operations, the loyalty and commitment of our employees has grown into the Company that we are today. We will not forget our heritage that is such a rich part of us as we continue to provide services that are safety, schedule, quality and performance driven.

In the competitive refining and petrochemical industries, experience matters. That's why we're proud of the long-term commitment our people show to our company – and the customers we serve.

With management experience averaging over 25 years in the refinery, petrochemical and industrial environment, the quality of personnel assigned to your project are second to none. When you choose InServ, you are selecting a qualified group with integrated services to complement your operations and contribute to their ongoing success.

As a Willbros company, we are a uniquely integrated organization that offers a wide spectrum of services to the upstream, midstream and downstream hydrocarbon value chain. The combination also expands the addressable geographic market for InServ and provides Willbros a significant presence in the market for recurring operations, maintenance and capital projects in the downstream hydrocarbon markets.

OUR COMMITMENT

Integrated Service Company (InServ) combines the best of the services that we have become known for into an integrated package for your EPC, technical, construction and turnaround needs.

**Construction Services • Specialty Welding • Manufacturing Services • EPC Services
Turnaround Services • Refractory Services • Tank Services • Safety Services
Heater Services • Engineering (Wink)**

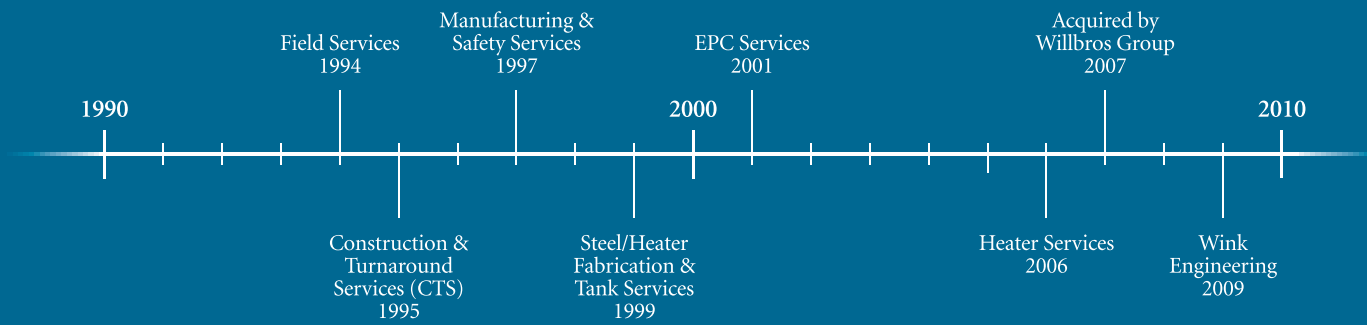

Our commitment is to partner with you for success. We develop long-term client relationships built on trust and sealed with quality service. On the following pages you will discover a one-of-a-kind blend of services that provides you with the logical choice – choose InServ.

GROWTH

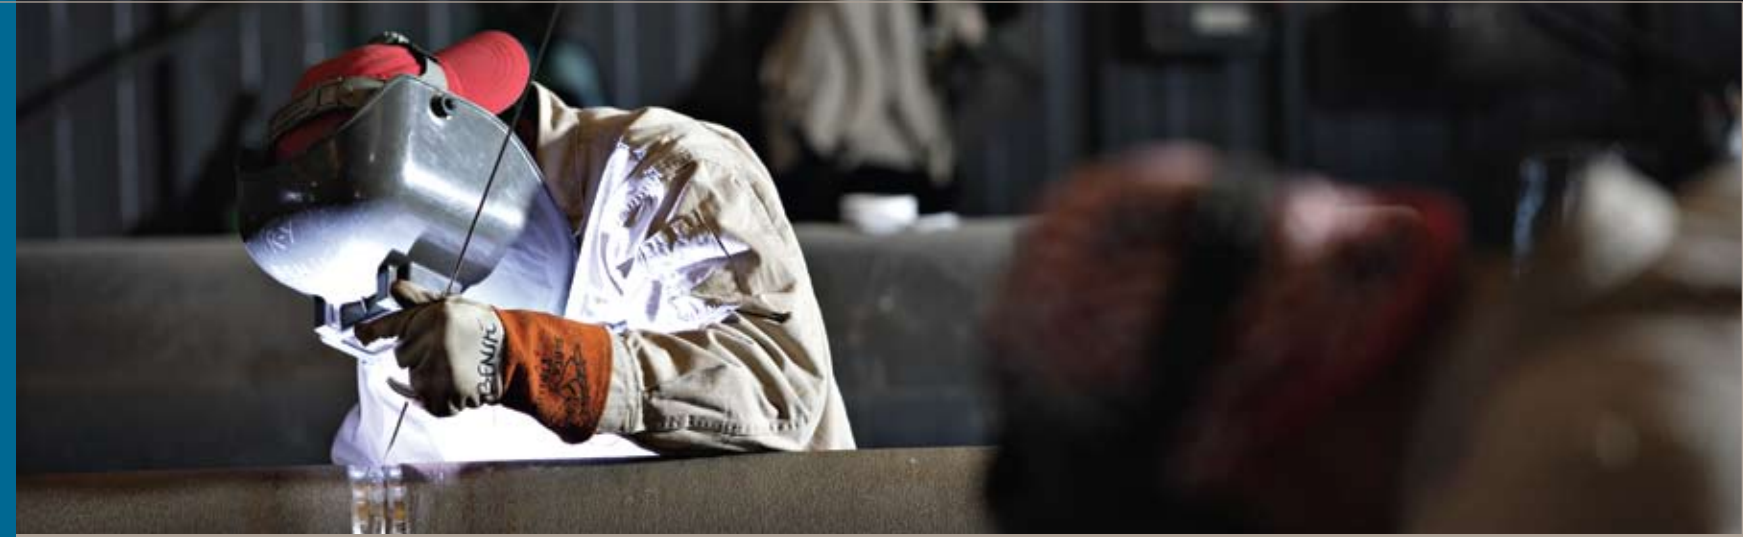

Our dedication to meet our clients' needs has resulted in our adding industry professionals and a unique combination of capabilities to provide integrated services for the refining and petrochemical industries.

InServ has continued to grow our services and has remained focused to be a value-added partner for the clients we serve. Now, with our parent company Willbros-we have become a powerful force by providing services in upstream, midstream and downstream petroleum markets.

Our name, *InServ* reflects our core business and what we do best. That is, integrating services that meet our customers' needs.

We are growing, with various facets of our company working together on multiple projects both domestically and internationally. We have now executed service agreements with the majority of the major U.S. refiners and many petrochemical producers. Additionally, our financial base and engineering expertise enables us to manage large EPC projects in our client's facilities.

SERVICES

We deliver comprehensive, integrated services, designed around your unique needs and schedule. We will continue to provide projects that are safely performed and schedule driven.

FIELD SERVICES

- Specialty Alloy Welding
- New Heater Erection
- Process Heater Revamps
- FCCU Mechanical
- FCC/Coker/Critical Path Projects
- Refractory Projects
- Process Piping & Unit Turnarounds
- ASME Code Work
- Emergency Outages

CONSTRUCTION & TURNAROUND SERVICES - CTS (UNION)

- FCCU Turnarounds
- ASME Code Work
- Heater Erection & Revamps
- Process Unit Turnarounds
- Boilers & Furnaces
- Hydrogen Plant Construction
- Emergency Outages
- Planning & Scheduling
- Construction Management
- ReFractory Projects
- On-going Maintenance

EPC SERVICES

- Engineering
 - Project Development Support
 - Process Studies & Planning
 - Technology Evaluation & Selection
 - Economic Evaluation
 - Program Management
 - EPC Project Execution
- Procurement
 - Integrated Project Resource Management
 - InServ Resources
 - Licensors
 - Other Contractors
 - Vendors & Suppliers
- Construction
 - Construction Management
 - Direct-Hire Construction
 - Scheduling/Estimating
 - Execution
 - Consulting Services
 - Cost Engineering

WINK ENGINEERING

- Conceptual/Front End Engineering
- Detailed Design in All Disciplines
- Project Management
- Procurement/Expediting/Inspection
- Estimating/Scheduling/Project Controls
- Surveying – Boundary, Topo & Hydrographic
- 3-D Laser Scanning (In-House)

TANK SERVICES

- New Above Ground Field Erected Storage Tanks API-620/650
- Tank Maintenance & Repairs API-653
- Cone Roof, Dome & Structure Replacements
- Floating Roof Installations/Repairs
- Floating Roof Seals
- Secondary Containment Tank Bottoms
- EPC Turnkey Projects

CONSTRUCTION TANK SERVICES (UNION)

- New Above Ground Field Erected Storage Tanks API-620/650
- Tank Maintenance & Repairs API-653
- Cone Roof, Dome & Structure Replacements
- Floating Roof Installations/Repairs
- Floating Roof Seals
- Secondary Containment Tank Bottoms
- EPC Turnkey Projects

HEATER SERVICES

- Design & Supply of New Direct Fired Heaters
- Process Heater Field Construction & Installation
- Engineering Performance Studies
- Modifications of Existing Process Heaters
- Emergency Responses
- Combustion Air Preheat Systems
- Heater Parts & Piping Fabrication
- Dedicated Staff in Developing & Managing Turnkey Projects
- Infrared Imaging & Analysis
- All Fabrication Requirements

MANUFACTURING SERVICES

- Heater Coils (All Alloys)
- Pressure Vessels
- Riser Lines
- Strippers
- Cyclones
- Stacks
- Transfer Lines
- J-Bends
- Reactors
- Regenerators
- Convection Boxes
- Modular Construction
- Structural Supports
- Ductwork
- Carbon Steel & Alloy Piping
- Refractory Services
- Vibration Casting
- Heavy Structural Steel

SAFETY SERVICES

- Safety Technicians
- Permit Writers
- Hole/Fire Watch Services
- Paramedics/EMT's
- Respirator Fit-Testing
- Safety Audits
- CSP's Available
- Confined Space Rescue Teams
- Industrial Hygiene Monitoring

WILLBROS UPSTREAM SERVICES

- Pipeline Construction
- Engineering
- Government Projects
- Willbros Canada
- The Oman Construction Company (TOCO)
